AN ACT

August 30, 1935.
[H. R. 9100.]
[Public, No. 402.]

To stabilize the bituminous coal-mining industry and promote its interstate commerce; to provide for cooperative marketing of bituminous coal; to levy a tax on bituminous coal and provide for a drawback under certain conditions; to declare the production, distribution, and use of bituminous coal to be affected with a national public interest; to conserve the bituminous coal resources of the United States; to provide for the general welfare, and for other purposes; and providing penalties.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is hereby recognized and declared that the mining of bituminous coal and its distribution by the producers thereof in and throughout the United States are affected with a national public interest; that the service of bituminous coal in relation to the industrial activities, the transportation facilities, the health and comfort of the people of the United States; the conservation of bituminous coal deposits in the United States by controlled production and economical mining and marketing; the maintenance of just and rational relations between the public, owners, producers, and employees; the right of the public to constant and ample supplies of coal at reasonable prices; and the general welfare of the Nation require that the bituminous coal industry be regulated as herein provided.

Bituminous Coal Conservation Act of 1935.
Declaration of necessity for regulation of bituminous coal industry.

[1] So in original.

It is further recognized and declared that all production of bituminous coal and distribution by the producers thereof bear upon and directly affect its interstate commerce and render regulation of all such production and distribution imperative for the protection of such commerce and the national public service of bituminous coal and the normal governmental revenues derivable from such industry; that the excessive facilities for the production of bituminous coal and the overexpansion of the industry have led to practices and methods of production, distribution, and marketing of such coal that waste such coal resources of the Nation, disorganize the interstate commerce in such coal and portend the destruction of the industry itself, and burden and obstruct the interstate commerce in such coal, to the end that control of such production and regulation of the prices realized by the producers thereof are necessary to promote its interstate commerce, remove burdens and obstructions therefrom, and protect the national public interest therein; that practices prevailing in the production of bituminous coal directly affect its interstate commerce and require regulation for the protection of that commerce, and that the right of mine workers to organize and collectively bargain for wages, hours of labor, and conditions of employment should be guaranteed in order to prevent constant wage cutting and the establishment of disparate labor costs detrimental to fair competition in the interstate marketing of bituminous coal, and in order to avoid those obstructions to its interstate commerce that recur in the industrial disputes over labor relations at the mines.

Any Commissioner may be removed by the President for inefficiency, neglect of duty, or malfeasance in office. The Commission shall, with due regard to the provisions of the civil-service laws or the Classification Act of 1923, as amended, appoint and fix the compensation and duties of a secretary and necessary clerical and other assistants, none of whom shall be related to any member of the Commission by marriage or within the third degree by blood. TAX ON BITUMINOUS COAL

Tax on bituminous coal.

SEC. 3. There is hereby imposed upon the sale or other disposal of all bituminous coal produced within the United States an excise tax of 15 per centum on the sale price at the mine, or in the case of captive coal the fair market value of such coal at the mine, such tax, subject to the later provisions of this section, to be payable to the United States by the producers of such coal, and to be payable monthly for each calendar month, on or before the first business day of the second succeeding month, and under such regulations, and in such manner, as shall be prescribed by the Commissioner of Internal Revenue: *Provided*, That in the case of captive coal produced as aforesaid, the Commissioner of Internal Revenue shall fix a price therefor at the current market price for the comparable kind, quality, and size of coals in the locality where the same is produced: *Provided further*, That any such coal producer who has filed with the National Bituminous Coal Commission his acceptance of the code provided for in section 4 of this Act, and who acts in compliance with the

Such right or benefit of drawback shall apply to all coal sold or disposed of from and after the day of the producer's filing with the Commission his acceptance of said code in such form of agreement as the Commission may prescribe. No producer shall by reason of his acceptance of the code provided for in section 4 or of the drawback of taxes provided in section 3 of this Act be held to be precluded or estopped from contesting the constitutionality of any provision of said code, or its validity as applicable to such producer.

BITUMINOUS COAL CODE

Working agreement.

SEC. 4. The provisions of this section shall be formulated by the Commission into a working agreement, to be known as the "Bituminous Coal Code", and herein referred to as the "Code." Producers accepting and operating under its provisions are herein referred to as "Code members."

Conditions, provisions, and obligations.

For the purpose of carrying out the declared policy of this Act, the code shall contain the following conditions, provisions, and obligations which will tend to regulate interstate commerce in bituminous coal and transactions directly affecting interstate commerce in bituminous coal:

Part I—Organization and production.

PART I—ORGANIZATION AND PRODUCTION

District boards of coal producers; number.

(a) Twenty-three district boards of coal producers shall be organized. Each district board shall consist of not less than three nor more than seventeen members. The number of members of the district board shall, subject to the approval of the Commission, be determined by the majority vote of the district tonnage during the calendar year 1934 represented at a meeting of the producers of the district called for the purpose of such determination and for the election of such district board; and all known producers within the district shall be given notice of the time and place of the meeting.

Individual boards; determination of membership.

Producer members.

All but one of the members of the district board shall be producers or representatives of producers truly representative of all the mines of the district. The number of such producer members shall be an even number. One-half of such producer members shall be elected by the majority in number of the producers of the district represented at the aforesaid meeting. The other producer members shall be elected by votes cast in the proportion of the annual tonnage output for the preceding calendar year of the producers in the district, with the right on the part of the producers to vote their tonnage cumulatively: *Provided*, That not more than one officer or employee of any producer within a district shall be a member of the district board at the same time. The remaining member of each district board shall be selected by the organization of employees representing the preponderant number of employees in the industry of the district in question. The term of district board members shall be two years and until their successors are elected.

Elections.

Proviso. Restriction.

Terms of office.

Authority of Commission to increase membership of board.

In case any marketing agency comprising a substantial number of code members in any producing field within a district establishes, to the satisfaction of the Commission, that it has no representation upon the district board and that it is fairly entitled thereto, the Commission may, in its discretion, after hearing, increase the membership of such district board so as to provide for such representation.

Marketing agencies may be established or maintained within any district by a voluntary association of producers within any producing field therein, as such producing field may be defined by the district board, and function under such general rules and regulations as may be prescribed by the district board, with the approval of the Commission, for the purpose of marketing their coal with due respect for the standards of unfair competition as defined in this Act. Each such marketing agency shall impose no unreasonable or inequitable conditions of membership and shall be truly representative of at least one-third of the tonnage of any producing field or group of producing fields.

Marketing agencies; establishment.

Rules and regulations of district boards governing.

Imposition of unreasonable conditions of membership prohibited.

The term "marketing agency" or "agencies" as used in this Act shall include any trade association of coal producers complying with the requirements of a marketing agency and exercising the functions thereof.

"Marketing agency"; "agencies"; defined.

The district boards and marketing agencies shall each have power to adopt bylaws and rules of procedure, subject to approval of the Commission, and to appoint officers from their own membership, to fix their terms and compensation, to provide for reports, and to employ such committees, employees, arbitrators, and other persons necessary to effectuate their purposes. Members of the district board shall serve, as such, without compensation, but may be reimbursed for their reasonable expenses. The territorial boundaries or limits of such twenty-three districts are set forth in the schedule entitled "Schedule of Districts" and annexed to this Act: *Provided*, That the territorial boundaries or limits of any district or districts may be changed, or said districts may be divided or consolidated, after hearing, by the Commission.

Powers of district boards and marketing agencies.

Service of members of district board without compensation.

Territorial limits of districts.

Proviso. Modifications.

(b) The expense of administering the code by the respective district boards shall be borne by those subject to the jurisdiction of such boards, respectively, each paying his proportionate share, as assessed, computed on a tonnage basis, in accordance with regulations prescribed by such boards with the approval of the Commission. Such assessments may be collected by the district board by action in any court of competent jurisdiction.

Administration of codes; expenses.

Assessments and collection.

(c) Nothing contained in this Act shall constitute the members of a district board partners for any purpose. Nor shall any member of a district board be liable in any manner to any one for any act of any other member, officer, agent or employee of the district board. Nor shall any member of a district board, exercising reasonable diligence in the conduct of his duties under this Act, be liable to any one for any action or omission to act under this Act, except for his own willful misfeasance, or for nonfeasance involving moral turpitude.

Relationship and liability of members of board.

PART II—MARKETING

Part II—Marketing.

The district boards and code members shall accept and be subject to the jurisdiction of the Commission to approve or to fix minimum and maximum prices, as follows:

Minimum and maximum prices; manner of fixing; approval of commission.

(a) All code members shall, in their respective districts, report all spot orders to the district board and shall file with it copies of all contracts for the sale of coal, copies of all invoices, copies of all credit memoranda, and such other information concerning the preparation, cost, sale, and distribution of coal as the Commission may authorize or require. All such records shall be held by the district board as the confidential records of the code member filing such information.

Reports and records by code members.

Confidential nature of records.

Each district board may set up and maintain a statistical bureau, and the district board may require that such reports and other information in this subsection described shall be filed with such statistical bureau in lieu of the filing thereof with the district board.

Statistical bureaus; maintenance of.

Establishment of minimum prices by district board.

Each district board shall, from time to time on its own motion or when directed by the Commission, establish minimum prices free on board transportation facilities at the mines for kinds, qualities, and sizes of coal produced in said district, with full authority, in establishing such minimum prices, to make such classification of coals and price variations as to mines and consuming market areas as it may deem necessary and proper. In order to sustain the stabilization of wages, working conditions, and maximum hours of labor, said prices shall be established so as to yield a return per net ton for each district in a minimum price area, as such districts are identified and such area is defined in the subjoined table designated "Minimum-price area table", equal as nearly as may be to the weighted average of the total costs, per net ton, determined as hereinafter provided, of the tonnage of such minimum price area. The computation of the total costs shall include the cost of labor, supplies, power, taxes, insurance, workmen's compensation, royalties, depreciation, and depletion (as determined by the Bureau of Internal Revenue in the computation of the Federal income tax) and all other direct expenses of production, coal operators' association dues, district board assessments for Board operating expenses only levied under the code, and reasonable costs of selling and the cost of administration.

Area 8: Montana, district 22.

Area 9: Washington, district 23.

Factors in establishing minimum prices.

The minimum prices so established shall reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coal, shall be just and equitable as between producers within the district, and shall have due regard to the interests of the consuming public. The procedure for establishment of minimum prices shall be in accordance with rules and regulations to be approved by the Commission.

Schedule to be submitted to Commission.

A schedule of such minimum prices, together with the data upon which they are computed, including, but without limitation, the factors considered in determining the price relationship, shall be submitted by the district board to the Commission, which may approve, disapprove, or modify the same to conform to the requirements of this subsection, and such approval, disapproval, or modification shall be binding upon all code members within the district, subject to such modification therein as may result from the coordination provided for in the succeeding subsection (b): *Provided*, That all minimum prices established for any kind, quality, or size of coal

for shipment into any consuming market area shall be just and equitable as between producers within the district: *And provided further*, That no minimum price shall be established that permits dumping.

Dumping.

As soon as possible after its creation, each district board shall determine the weighted average of the total costs of the ascertainable tonnage produced in the district in the calendar year 1934. The district board shall adjust the average costs so determined, as may be necessary to give effect to any changes in wage rates, hours of employment, or other factors substantially affecting costs, exclusive of seasonal changes, so as to reflect as accurately as possible any change or changes which may have been established since January 1, 1934. Such determination and the computations upon which it is based shall be promptly submitted to the Commission by each district board in the respective minimum-price area. The Commission shall thereupon determine the weighted average of the total costs of the tonnage for each minimum-price area in the calendar year 1934, adjusted as aforesaid, and transmit it to all the district boards within such minimum-price area. Said weighted average of the total costs shall be taken as the basis for the establishment of minimum prices to be effective until changed by the Commission. Thereafter, upon satisfactory proof made at any time by any district board of a change in excess of 2 cents per net ton of two thousand pounds in the weighted average of the total costs in the minimum-price area, exclusive of seasonal changes, the Commission shall increase or decrease the minimum prices accordingly. The weighted average figures of total cost determined as aforesaid shall be available to the public.

Each district board shall, on its own motion or when directed by the Commission, establish reasonable rules and regulations incidental to the sale and distribution of coal by code members within the district. Such rules and regulations shall not be inconsistent with the requirements of this section and shall conform to the standards of fair competition hereinafter established. Such rules and regulations shall be submitted by the district board to the Commission with a statement of the reasons therefor, and the Commission may approve, disapprove, or modify the same, and such approval, disapproval, or modification shall be binding upon all code members within the district.

Rules respecting sales and distribution.

Action of Commission.

(b) District boards shall, under rules and regulations established by the Commission, coordinate in common consuming market areas upon a fair competitive basis the minimum prices and the rules and regulations established by them, respectively, under subsection (a) hereof. Such coordination, among other factors, but without limitation, shall take into account the various kinds, qualities, and sizes of coal, and transportation charges upon coal. All minimum prices established for any kind, quality, or size of coal for shipment into any consuming market area shall be just and equitable, and not unduly prejudicial or preferential, as between and among districts, and shall reflect, as nearly as possible, the relative market values, at points of delivery in each common consuming market area, of the various kinds, qualities and sizes of coal produced in the various districts; to the end of affording the producers in the several districts substantially the same opportunity to dispose of their coals upon a competitive basis as has heretofore existed. The minimum prices established as a result of such coordination shall not, as to any district, reduce or increase the return per net ton upon all the coal produced therein below or above the minimum return as provided in subsection (a) of this section by an amount greater than necessary to accomplish such coordination, to the end that the return per net

ton upon the entire tonnage of the minimum price area shall approximate and be not less than the weighted average of the total costs per net ton of the tonnage of such minimum price area. Such coordinated prices and rules and regulations, together with the data upon which they are predicated, shall be submitted to the Commission, which may approve, disapprove, or modify the same to establish and maintain such fair competitive relationship, and such approval, disapproval, or modification shall be binding upon all code members within the affected districts. No minimum price shall be established that permits dumping. On the petition of any district board or other party in interest or on its own motion, after notice to the district boards, the Commission may at any time conduct hearings to determine whether the foregoing method of fixing minimum prices under subsection (a) is prejudicial to any district with respect to the fair opportunity of such district to market its coal. Should the Commission so find, and further find that the prejudice cannot be removed through the coordination of minimum prices as provided for in this subsection (b), then the Commission may establish a different basis for determining minimum prices in such district, to the end that fair and competitive prices shall prevail in the marketing of the coal produced in such district: *Provided*, That the minimum prices so established as to any such district shall yield a return, per net ton, not less than the weighted average of the total costs, per net ton, of the tonnage of such district.

Submission of coordinated prices and rules to Commission; action thereon.

Dumping prohibited.

(c) When, in the public interest, the Commission deems it necessary to establish maximum prices for coal in order to protect the consumer of coal against unreasonably high prices therefor, the Commission shall have the right to fix maximum prices free on board transportation facilities for coal in any district. Such maximum prices shall be established at a uniform increase above the minimum prices in effect within the district at the time, so that in the aggregate the maximum prices shall yield a reasonable return above the weighted average total cost of the district: *Provided*, That no maximum price shall be established for any mine which shall not return cost plus a reasonable profit.

Maximum prices; establishment by Commission to protect consumer.

Proviso.
Cost plus reasonable profit to be maintained.

(d) If any code member or district board, or any State or political subdivision of a State, shall be dissatisfied with such coordination of prices or rules and regulations, or by a failure to establish such coordination of prices or rules and regulations, or by the maximum prices established for him or it pursuant to subsection (c) of this section, he or it shall have the right, by petition, to make complaint to the Commission, and the Commission shall, under rules and regulations established by it, and after notice and hearing, make such order as may be required to effectuate the purpose of subsections (b) and (c) of this section, which order shall be binding upon all parties in interest. Pending final disposition of such petition, and upon reasonable showing of necessity therefor, the Commission may make such preliminary or temporary order as in its judgment may be appropriate, and not inconsistent with the provisions of this Act.

Complaints by code member or district board.

(e) Subject to the exceptions provided in section 12 of this Act, no coal shall be sold or delivered at a price below the minimum or above the maximum therefor approved or established by the Commission, and the sale or delivery of coal at a price below such minimum or above such maximum shall constitute a violation of the code. Subject to the exceptions provided in section 12 of this Act, a contract for the sale of coal at a price below the minimum or above the maximum therefor approved or established by the Commission at the time of the making of the contract shall constitute a violation of the code, and such contract shall be invalid and unenforceable.

If at any time after the expiration of twenty years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value; (2) the actual cost of acquiring such interests in real property; (3) actual financing and promotion costs (not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interests in real property); and (4) actual expenditures for necessary improvements.

(e) If such bridge shall at any time be taken over or acquired by the States or public agencies or political subdivisions thereof, or by either of them, as provided in subsection (d) of this section, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches, under economical management to provide a sinking fund sufficient to amortize the amount paid therefor, including reasonable interest and financing cost, as soon as possible under reasonable charges, within a period of not to exceed thirty years from the date of acquiring the same. After a sinking fund sufficient for such amortization shall have been so provided, such bridge shall thereafter be maintained and operated free of tolls or the rates of toll shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. The Secretary of War may, and upon the request of the highway department of either of such States shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge; for the purpose of such investigation the said George Washington Memorial Bridge Public Corporation, its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of War as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in subsection (d) of this section, subject only to review in a court of equity for fraud or gross mistake.

Compact between Pennsylvania and New Jersey.

COMPACT BETWEEN PENNSYLVANIA AND NEW JERSEY

Consent given to, relative to bridge construction, etc.

SEC. 9. That the consent of Congress is hereby given to the compact or agreement set forth below, and to each and every term and provision thereof: *Provided*, That nothing herein contained shall

be construed to affect, impair, or diminish any right, power, or jurisdiction of the United States or of any court, department, board, bureau, officer, or official of the United States, over or in regard to any navigable waters, or any commerce between the States or with foreign countries, or any bridge, railroad, highway, pier, wharf, or other facility or improvement, or any other person, matter, or thing, forming the subject matter of the aforesaid compact or agreement or otherwise affected by the terms thereof.

The Commonwealth of Pennsylvania and the State of New Jersey do hereby solemnly covenant and agree, each with the other, as follows:

ARTICLE I

"Delaware River Joint Toll Bridge Commission" created. Functions.

There is hereby created a body corporate and politic, to be known as the "Delaware River Joint Toll Bridge Commission" (hereinafter in this agreement called the "commission"), which shall consist of the commissioners, on behalf of the Commonwealth of Pennsylvania, provided for by the Act, approved the 8th day of May 1919 (Pamphlet Laws, 148), and its supplements and amendments, for the acquisition of toll bridges over the Delaware River, and of commissioners, on behalf of the State of New Jersey, provided for by the Act, approved the 1st day of April 1912 (ch. 397), and its supplements and amendments, for the acquisition of toll bridges over the Delaware River, which said commissions have heretofore been acting as a joint commission by virture[1] of reciprocal legislation.

No action of the commission shall be binding unless a majority of the members of the commission from Pennsylvania and a majority of the members of the commission from New Jersey shall vote in favor thereof.

The commission shall constitute the public corporate instrumentality of the Commonwealth of Pennsylvania and the State of New Jersey for the following public purposes, and shall be deemed to be exercising an essential governmental function in effectuating such purpose, to wit:

(a) The administration, operation, and maintenance of the joint State-owned bridges across the Delaware River between the Commonwealth of Pennsylvania and the State of New Jersey, and located north of the present stone arch bridge of the Pennsylvania Railroad across the Delaware River from Morrisville to Trenton;

(b) The investigation of the necessity for additional bridge communications over the Delaware River north of the said railroad bridge, and the making of such studies, surveys, and estimates as may be necessary to determine the feasibility and cost of such additional bridge communications;

(c) The preparation of plans and specifications for, and location, construction, administration, operation, and maintenance of, such additional bridge communications over the Delaware River, north of the aforesaid railroad bridge, as the commission deems necessary to advance the interests of the two States and to facilitate public travel; and the issuance of bonds and obligations to provide moneys sufficient for the construction of such bridges; and the collection of tolls, rentals, and charges for the redemption of such bonds and obligations, and the payment of interest thereon;

(d) The procurement from the Government of the United States of any consents which may be requisite to enable any project within its powers to be carried out.

[1] So in original.

ARTICLE II

Powers conferred.

For the effectuation of its authorized purposes, the commission is hereby granted the following powers:

(a) To have perpetual succession.

(b) To sue and be sued.

(c) To adopt and use an official seal.

(d) To elect a chairman, vice chairman, secretary, and treasurer, and appoint an engineer. The secretary, treasurer, and engineer need not be members of the commission.

(e) To adopt suitable bylaws for the management of its affairs.

(f) To appoint such other officers, agents, and employees as it may require for the performance of its duties.

(g) To determine the qualifications and duties of its appointees, and to fix their compensation.

(h) To enter into contracts.

(i) To acquire, own, hire, use, operate, and dispose of personal property.

(j) To acquire, own, use, lease, operate, and dispose of real property and interest in real property, and to make improvements thereon.

(k) To grant the use of, by franchise, lease, and otherwise, and to make and collect charges for the use of, any property or facility owned or controlled by it.

(l) To borrow money upon its bonds or other obligations, either with or without security.

(m) To exercise the power of eminent domain.

(n) To determine the exact location, system, and character of, and all other matters in connection with, any and all improvements or facilities which it may be authorized to own, construct, establish, effectuate, maintain, operate, or control.

(o) In addition to the foregoing powers, to exercise the powers, duties, authority, and jurisdiction heretofore conferred and imposed upon the aforesaid commissions, hereby constituted a joint commission by reciprocal legislation of the Commonwealth of Pennsylvania and the State of New Jersey, with respect to the acquisition of toll bridges over the Delaware River, the management, operation, and maintenance of such bridges, and the location, construction, operation, and maintenance of additional bridge communications over the Delaware River north of the aforesaid railroad bridge of the Pennsylvania Railroad.

(p) To exercise all other powers, not inconsistent with the Constitutions of the States of Pennsylvania and New Jersey or of the United States, which may be reasonably necessary or incidental to the effectuation of its authorized purposes or to the exercise of any of the foregoing powers, except the power to levy taxes or assessments for benefits; and generally to exercise, in connection with its property and affairs and in connection with property under its control, any and all powers which might be exercised by a natural person or a private corporation in connection with similar property and affairs.

ARTICLE III

Acquisition of land.

If for any of its authorized purposes (including temporary purposes) the commission shall find it necessary or convenient to acquire for public use any real property in the Commonwealth of Pennsylvania or the State of New Jersey, whether for immediate or future use, the commission may, by resolution, determine to acquire such property by a fee simple absolute or a lesser interest, and the said determination shall not be affected by the fact that

such property has therefore been taken for or is then devoted to a public use, but the public use in the hands or under the control of the commission shall be deemed superior to the public use in the hands or under the control of any other person, association, or corporation.

If the commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property in the Commonwealth of Pennsylvania, for any reason whatsoever, then the commission may acquire such real property by the exercise of the right of eminent domain, in the manner provided by the Act, approved the 8th day of May 1919 (Pamphlet Laws, 148), entitled "An Act providing for the joint acquisition and maintenance by the Commonwealth of Pennsylvania and the State of New Jersey of certain toll bridges over the Delaware River", and the Acts amendatory thereof and supplementary thereto, relating to the acquisition of interstate toll bridges over the Delaware River.

If the Commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property, in the State of New Jersey, for any reason whatsoever, then the commission may acquire such property by the exercise of the right of eminent domain, in the manner provided by the act of the State of New Jersey, entitled "An Act authorizing the acquisition and maintaining by the State of New Jersey, in conjunction with the State of Pennsylvania, of toll bridges across the Delaware River; and providing for free travel across the same", approved the 1st day of April 1912 (ch. 297), and the various acts amendatory thereof and supplementary thereto, relating to the acquisition of interstate toll bridges over the Delaware River.

The power of the commission to acquire real property by condemnation or the exercise of the power of eminent domain in the Commonwealth of Pennsylvania and the State of New Jersey shall be a continuing power and no exercise thereof shall be deemed to exhaust it.

The commission and its duly authorized agents and employees may enter upon any land, in the Commonwealth or the State of New Jersey, for the purpose of making such surveys, maps, or other examinations thereof, as it may deem necessary or convenient for its authorized purposes.

However, anything to the contrary contained in this compact notwithstanding, no property, now or hereafter vested in or held by any county, city, borough, village, township, or other municipality, shall be taken by the commission without the consent of such municipality, unless expressly authorized so to do by the Commonwealth or State in which such municipality is located. All counties, cities, boroughs, villages, townships and other municipalities, and all public agencies and commissions of the Commonwealth of Pennsylvania and the State of New Jersey, notwithstanding any contrary provision of law, are hereby authorized and empowered to grant and convey to the commission upon its request, but not otherwise, upon reasonable terms and conditions, any real property which may be necessary or convenient to the effectuation of its authorized purposes, including real property already devoted to public use.

Consent of participating States.

The Commonwealth of Pennsylvania and the State of New Jersey hereby consent to the use and occupation by the commission of any real property of the said two States, or of either of them, which may be or become necessary or convenient to the effectuation of the authorized purposes of the commission, including lands lying under water and lands already devoted to public use.

"Real property" defined.

The term "real property", as used in this compact, includes lands, structures, franchises, and interests in land, including lands under water and riparian rights, and any and all things and rights usually included within the said term, and includes not only fees simple and absolute but also any and all lesser interests, such as easements, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments, and every estate, interest, or right, legal or equitable, including terms of years and liens thereon by way of judgments, mortgages, or otherwise, and also claims for damage to real estate.

ARTICLE IV

Pledging credit or creating debt.

Notwithstanding any provision of this agreement, the commission shall have no power to pledge the credit of the Commonwealth of Pennsylvania, or of the State of New Jersey, or of any county, city, borough, village, township, and other municipality of said Commonwealth or State, or to create any debt against said Commonwealth or State or any such municipality.

ARTICLE V

Rules and regulations.

The commission is hereby authorized to make and enforce such rules and regulations, and to establish, levy, and collect (or to authorize by contract, franchise, liens, or otherwise, the establishment, levying, and collection of) such tolls, rates, rents, and other charges, in connection with any such bridge across the Delaware River which it may hereafter construct and operate, as it may deem necessary, proper, desirable, and reasonable, which tolls, rates, rents, and other charges shall be at least sufficient to meet interest and sinking-fund charges on bonds and obligations issued by the commission, the maintenance of such bridge, and the administrative expenses of the commission properly chargeable to such bridge. The commission is hereby authorized and empowered to pledge such tolls, rates, rents, and other revenues, or any part thereof, as security for the repayment, with interest, of any moneys borrowed by it or advanced to it for any of its authorized purposes, and as security for the satisfaction of any other obligation assumed by it in connection with such loans or advances.

ARTICLE VI

Commission's obligations not impaired.

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or other obligations of the commission, for which tolls, rents, rates, or other revenues have been pledged, that, so long as any of said bonds or obligations remain outstanding and unpaid (unless adequate provision is otherwise made by law for the protection of those advancing moneys upon such bonds or obligations), the Commonwealth of Pennsylvania and the State of New Jersey will not diminish or impair the power of the commission to own, operate, and control said properties and facilities, or to establish, levy, and collect tolls, rents, rates, and other charges in connection with such properties and facilities.

The Commonwealth of Pennsylvania and the State of New Jersey hereby covenant and agree with each other and with the holders of any bonds or obligations of the commission, for which tolls, rents, rates, or other revenues shall have been pledged, that the said Commonwealth and State will not authorize or permit the construction, operation, and maintenance of any additional bridge or tunnel

for the transportation of passengers by vehicles over the Delaware River by any other person or body, than the commission, within a distance of ten miles in either direction from any such toll bridge, measured along the boundary line between the said Commonwealth and the said State.

ARTICLE VII

Commission's bonds made State securities.

The bonds or obligations which may be issued by the commission for any of its authorized purposes, and as security for which tolls, rents, rates, and other revenues shall have been pledged, are hereby made securities in which all State and municipal officers and bodies of the Commonwealth of Pennsylvania and the State of New Jersey, and all banks, bankers, trust companies, savings banks, savings and loan associations, investment companies, and other persons carrying on a banking business, or insurance companies, insurance associations, and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees, and other fiduciaries, and all other persons whatsoever, who now or may hereafter be authorized to invest in bonds or other obligations of the Commonwealth of Pennsylvania or of the State of New Jersey, may properly and legally invest funds, including capital belonging to them or within their control; and said bonds or other obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer, or agency of the Commonwealth of Pennsylvania and the State of New Jersey, for any purpose for which the deposit of bonds or other obligations, either of the Commonwealth or of the State, is now or may hereafter be authorized.

ARTICLE VIII

Effectuation of purposes.

The effectuation of its authorized purposes by the commission is and will be in all respects for the benefit of the people of the Commonwealth of Pennsylvania and the State of New Jersey, and for the increase of their commerce and prosperity, and since the commission will be performing essential governmental functions in effectuating said purposes, the commission shall not be required to pay any taxes or assessments upon any property acquired or used by it for purposes authorized by this agreement; and the bonds or obligations issued by the commission, their transfer, and the income therefrom, including any profits made on the sale thereof, shall, at all times, be free from taxation within the Commonwealth of Pennsylvania and the State of New Jersey.

ARTICLE IX

Annual reports to be made.

The commission shall make annual reports to the Governors and Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey, setting forth in detail its operations and transactions, and may make such additional reports, from time to time, to the Governors and legislatures as it may deem advisable.

Whenever the commission, after investigation and study, shall have concluded plans, with estimates of cost, and means of financing any new toll bridge across the Delaware River, as hereinbefore provided, it shall make to the legislatures of each State, at the next sessions thereof, a detailed report, dealing with the contemplated project; but such project may, nevertheless, be proceeded with if the legislatures of said States, or either of them, are not in session.

ARTICLE X

Free bridge after payment of cost.

Whenever particular bonds issued for any bridge or bridges, and the interest thereon, shall have been paid, or a sufficient amount shall have been provided for their payment and shall continue to be held for that purpose, the commission shall cease to charge tolls for the use of such bridge and thereafter such bridge shall be a free bridge, and shall thereafter be maintained equally at the cost of the Commonwealth of Pennsylvania and the State of New Jersey by appropriations made for such purposes, as now provided by law for the maintenance of bridges over the Delaware River acquired by the Commonwealth of Pennsylvania and the State of New Jersey.

Payments to Indians if determined that United States unlawfully failed to convey certain swamp lands.

SEC. 6. (a) If it shall be determined by the court that the United States in violation of the terms and provisions of the treaty ratified May 12, 1854 (10 Stat. L. 1064), unlawfully failed to convey certain swamp lands to the Menominee Tribe of Indians the court shall render judgment in favor of the Menominee Tribe of Indians for a sum equal to (1) the value of the timber removed therefrom since May 12, 1854, with interest at 4 per centum per annum from the time of such removal and (2) the present acquisition costs of such lands to the Menominee Tribe of Indians, which shall be determined by the court, with a proviso that the United States may in lieu of paying the present acquisition costs of such lands acquire and hold said lands in trust for the sole benefit and use of the Menominee Tribe of Indians.

Judgment if determined that United States unlawfully expended tribal funds, etc.

(b) If it shall be determined by the court that the United States has improperly or unlawfully expended or misappropriated tribal funds or properties of said tribe of Indians the court shall render judgment against the United States for an amount equal to the value of all such funds and property with interest thereon at the same rate per annum as provided by the Act of Congress authorizing the creation of the fund or property improperly or unlawfully expended or misappropriated from the date of the unlawful expenditures or misappropriations.

(c) If it shall be determined by the court that the United States has violated the terms and provisions of the Act of Congress of March 28, 1908 (35 Stat. L. 51), by cutting other than dead and down timber or such fully matured and ripened timber as the Forestry Service shall have properly designated, or by cutting such timber so as to prevent forest perpetuation, the court shall award as damages to the Menominee Tribe of Indians either (1) the difference between the net income that has been and will be received from the liquidation of the timber unlawfully cut and the net income which would have been and would be received from an acreage which would have produced, under selective cutting, if then cut, the same volume of timber as that unlawfully cut, from the time of the commencement of the unlawful cutting up to the time when the timber unlawfully cut shall have been replaced by replanting and the sustained yield from the said replanted timber shall be equal, acre for acre, to the sustained yield from the timber had it been selectively cut so as to perpetuate the forest, as required by law, with interest thereon at the rate of 4 per centum per annum for the same period, said period, wherever specified herein, to be deemed to be sixty years, unless otherwise determined at the trial, plus the cost of replacement of the timber on the same areas including the necessary protection until the replanted timber shall have attained the said sustained yield; or (2) the cost of replacement of timber on the respective areas thus unlawfully cut, including the necessary protection until the replanted timber shall have attained the aforesaid sustained yield plus interest at 4 per centum per annum for the same period of time on an amount equal to the reasonable value as of the date of the unlawful cutting of the timber on the areas thus cut, whichever is the greater.

Unlawfully cut timber.

(d) If it shall be determined by the court that there has been maladministration on the part of the United States as respects its management of the timber or lumber industry of the Menominee Indian Tribe, including, but without limitation, its disposal of timber and lumber products and its management of the Menominee Indian Mills, the court shall award to the Menominee Tribe of Indians as damages either (1) an amount equal to the net losses incurred during the year or years in which maladministration is found, with interest thereon at the rate of 4 per centum per annum from the respective dates of said losses, or, (2) interest at the rate of 4 per centum for the particular year or years in which maladministration is found on the capital investment of the Menominee Tribe of Indians in their standing timber, lumber, plant, buildings, equipment and all other assets used in, or about, or in any way connected, with the Menominee Indian Mills or the timber and lumber industry of the Menominee Indian Tribe, whichever is the greater. "Net losses" shall be determined by using customary and accepted principles of accounting. "Capital investment" in standing timber and lumber shall be determined by using the unit price for each species of lumber and timber as used by the United States in its accounting records at the Menominee Indian Mills at the beginning and end of each year in which maladministration is found and dividing the sum thereof by two. "Capital investment" in plant, buildings, equipment and all other assets shall be determined by using cost less depreciation at the beginning and end of each year in which maladministration is found and dividing the aggregate thereof by two. In determining "Cost less depreciation" the general ledger accounts maintained at the Menominee Indian Mills shall be accepted subject to such adjustments as may be found proper upon investigations using customary and accepted principles of accounting.

Maladministration of timber and lumber industry.

Fees upon final determination of suits.

SEC. 7. Upon the final determination of such suit, cause, or action, whether by judgment, compromise, or otherwise, the Court of Claims shall decree such fees as it shall find reasonable to be paid the attorney or attorneys employed therein by said Menominee Tribe of Indians under contracts negotiated and approved as provided by existing law: *Provided*, That in the event the claim for damages for swamp lands shall be compromised and settled by the Menominee Tribe of Indians and the United States without the assistance of the attorney or attorneys employed hereunder pursuant to a special resolution adopted by the Menominee Advisory Council authorizing the rendering of such assistance, no fees shall be paid or decreed with respect thereto: *Provided further*, That in the event the claim for damages for swamp lands shall be compromised and settled by the Menominee Tribe of Indians and the United States, prior or subsequent to the institution of suit hereunder but prior to the trial thereof, with the assistance of the attorney or attorneys employed hereunder pursuant to a special resolution adopted by the Menominee Advisory Council authorizing such attorney or attorneys to render such assistance, the Secretary of the Interior shall, for such assistance, award to said attorney or attorneys such fees, with respect thereto, as based upon a quantum meruit he shall deem reasonable. In no case shall the fee decreed by said Court of Claims and the Secretary of the Interior be in excess of the amount stipulated in the contracts approved by the Commissioner of Indian Affairs and the Secretary of the Interior. The fees decreed by the court to the attorney or attorneys shall be paid out of any sum or sums recovered in such suit or action or received by compromise and not otherwise. All actual and necessary expenses incurred by the attorney or attorneys so employed, including court costs, bills for printing required by law, or court rules, the cruising and examination of lands and timber, the auditing and tabulation of accounts, travel, and subsistence of said attorney or attorneys and his or their employees while engaged solely in the preparation or prosecution of said suit or suits, securing and taking evidence deemed material therein, the compensation of stenographers, and such clerical assistance as shall be reasonably employed solely upon work in connection therewith, fees or commissions of notaries public or commissioners, and any other expense reasonably necessary for the preparation for trial or prosecution of any such suit or suits shall be paid by the Secretary of the Interior, when approved by him, from time to time, as the same shall accrue out of the funds standing to the credit of said Menominee Tribe of Indians in the Treasury of the United States upon verified accounts submitted in such form as may be required by the Secretary of the Interior, and without regard to the outcome or success of said suit or action against the United States. The net amount of any judgment recovered shall be placed in the Treasury of the United States to the credit of the said Indians, and shall draw interest at the rate of 4 per centum per annum and shall be thereafter subject to appropriation by Congress for the benefit of said Indians, including the purchase of lands and building of homes, and no part of said judgment shall be paid out in per capita payments to said Indians.

Declaration of policy.

"SEC. 7. (a) It is hereby declared to be the policy of this Act also to secure, and the purposes of this Act shall also include, (1) preservation and improvement of soil fertility; (2) promotion of the economic use and conservation of land; (3) diminution of exploitation and wasteful and unscientific use of national soil resources; (4) the protection of rivers and harbors against the results of soil erosion in aid of maintaining the navigability of waters and water courses and in aid of flood control; and (5) reestablishment, at as rapid a rate as the Secretary of Agriculture determines to be practicable and in the general public interest, of the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms that prevailed during the five-year period August 1909–July 1914, inclusive, as determined from statistics available in the United States Department of Agriculture, and the maintenance of such ratio.

Powers conferred to assist voluntary action.

Parity of production with domestic consumption.

The powers conferred under sections 7 to 14, inclusive, of this Act shall be used to assist voluntary action calculated to effectuate the purposes specified in this section. Such powers shall not be used to discourage the production of supplies of foods and fibers sufficient to maintain normal domestic human consumption as determined by the Secretary from the records of domestic human consumption in the years 1920 to 1929, inclusive, taking into consideration increased population, quantities of any commodity that were forced into domestic consumption by decline in exports during such period, current trends in domestic consumption and exports of particular commodities, and the quantities of substitutes available for domestic consumption within any general class of food commodities.

Adequate supply of commodities to be maintained.

In carrying out the purposes of this section due regard shall be given to the maintenance of a continuous and stable supply of agricultural commodities adequate to meet consumer demand at prices fair to both producers and consumers.

Secretary of Agriculture to cooperate with States in execution of plans.

"(b) The Secretary of Agriculture shall cooperate with States, in the execution of State plans to effectuate the purposes of this section, by making grants under this section to enable them to carry out such plans.

Eligibility for payments.

"(c) Any State which submits to the Secretary, prior to such time and in such manner and form as the Secretary prescribes, a State plan to effectuate the purposes of this section shall be entitled to payments, as provided in this section, for the year to which such plan is applicable, if such plan is approved by the Secretary as provided in this section.

Requirements.

"(d) No such plan shall be approved unless by its terms:

"(1) It provides that the agency to administer the plan shall be such State agency as may be designated by the Secretary if such agency is authorized by the State, or such other State agency as is authorized by the State and approved by the Secretary;

"(2) It provides for such methods of administration, and such participation in the administration of the plan by county and community committees or associations of agricultural producers organized

for such purpose, as the Secretary finds necessary for the effective administration of the plan; and

"(3) It provides for the submission to the Secretary of such reports as he finds necessary to ascertain whether the plan is being carried out according to its terms, and for compliance with such requirements as the Secretary may prescribe to assure the correctness of and make possible the verification of such reports.

Approval provisions.

"(e) Such plan shall be approved if the Secretary finds that there is a reasonable prospect that—

"(1) Substantial accomplishment in effectuating the purposes of this section will be brought about through the operation of such plan and the plans submitted by other States, and

"(2) The operation of such plan will result in as substantial a furtherance of such accomplishment as may reasonably be achieved through the action of such State.

Allocations.

"(f) Upon approval of any State plan for any year the Secretary shall allocate to such State such sum (not in excess of the maximum amount fixed in pursuance of subsection (g) for such State for such year) as he finds necessary to carry out such plan for such year, and thereupon shall certify to the Secretary of the Treasury for payment to such agency of the State as the Secretary of Agriculture certifies is designated in the plan, and the Secretary of the Treasury shall pay to such agency, one-fourth of the amount so allocated. The remainder of the amount so allocated shall be similarly certified and paid in such installments (payable prior to the end of the calendar year) as may be provided in the plan. No such installment shall be certified for payment if the Secretary of Agriculture finds that, prior to the due date of such installment, there has been a substantial failure by the State to carry out the plan according to its terms, or that the further operation of the plan according to its terms will not tend to effectuate the purposes of this section. "Goods."

(c) The term "goods" includes goods, wares, merchandise, and articles of every kind whatsoever, except live animals and cargo which by the contract of carriage is stated as being carried on deck and is so carried.

Number or weight of packages, etc.

(b) Either the number of packages or pieces, or the quantity or weight, as the case may be, as furnished in writing by the shipper.

Proviso.
Exceptions.

(c) The apparent order and condition of the goods: *Provided*, That no carrier, master, or agent of the carrier, shall be bound to state or show in the bill of lading any marks, number, quantity, or weight which he has reasonable ground for suspecting not accurately to represent the goods actually received, or which he has had no reasonable means of checking.

Evidence of receipt.

(4) Such a bill of lading shall be prima facie evidence of the receipt by the carrier of the goods as therein described in accordance with paragraphs (3) (a), (b), and (c), of this section: *Provided*, That nothing in this Act shall be construed as repealing or limiting the application of any part of the Act, as amended, entitled "An Act relating to bills of lading in interstate and foreign commerce", approved August 29, 1916 (U. Removal to be prima facie evidence of delivery; exception.

(6) Unless notice of loss or damage and the general nature of such loss or damage be given in writing to the carrier or his agent at the port of discharge before or at the time of the removal of the goods into the custody of the person entitled to delivery thereof under the contract of carriage, such removal shall be prima facie evidence of the delivery by the carrier of the goods as described in the bill of lading. If the loss or damage is not apparent, the notice must be given within three days of the delivery.

Notice of loss when damage not apparent.

Said notice of loss or damage may be endorsed upon the receipt for the goods given by the person taking delivery thereof.

The notice in writing need not be given if the state of the goods has at the time of their receipt been the subject of joint survey or inspection.

Failure to bring suit; discharge of liability.

In any event the carrier and the ship shall be discharged from all liability in respect of loss or damage unless suit is brought within one year after delivery of the goods or the date when the goods should have been delivered: *Provided*, That if a notice of loss or damage, either apparent or concealed, is not given as provided for in this section, that fact shall not affect or prejudice the right of the shipper to bring suit within one year after the delivery of the goods or the date when the goods should have been delivered.

Proviso. Right of shipper.

Mutual rights of inspecting, etc., goods, in case of loss.

In the case of any actual or apprehended loss or damage the carrier and the receiver shall give all reasonable facilities to each other for inspecting and tallying the goods.

"Shipped" bill of lading.

(7) After the goods are loaded the bill of lading to be issued by the carrier, master, or agent of the carrier to the shipper shall, if the shipper so demands, be a "shipped" bill of lading: *Provided*, That if the shipper shall have previously taken up any document of title to such goods, he shall surrender the same as against the issue of the "shipped" bill of lading, but at the option of the carrier such document of title may be noted at the port of shipment by the carrier, master, or agent with the name or names of the ship or ships upon which the goods have been shipped and the date or dates of shipment, and when so noted the same shall for the purpose of this section be deemed to constitute a "shipped" bill of lading.

Proviso. Substitution of. for document of title previously taken up, etc.

Covenant relieving from liability for negligence, etc., void.

(8) Any clause, covenant, or agreement in a contract of carriage relieving the carrier or the ship from liability for loss or damage to or in connection with the goods, arising from negligence, fault, or failure in the duties and obligations provided in this section, or lessening such liability otherwise than as provided in this Act, shall be null and void and of no effect. A benefit of insurance in favor of the carrier, or similar clause, shall be deemed to be a clause relieving the carrier from liability.

Determination of production for each crop year.

(a) The Secretary shall determine for each crop year, by calculations from available statistics of the United States Department of Agriculture, the quantity of cigar-filler tobacco produced in the continental United States and Puerto Rico which is likely to be consumed in all countries of the world during such crop year, increased or decreased, as the case may be, by the amount by which the world stocks of cigar-filler tobacco (produced in the continental United States and Puerto Rico) at the beginning of such crop year are less than or greater than the normal stocks of such cigar-filler tobacco, as determined by the Secretary. (c) The Secretary shall establish for each farm in Puerto Rico for each crop year a tobacco-marketing quota, giving due consideration to the quantity of cigar-filler tobacco marketed from the crops produced on such farm and by the operator thereof in past years; to the land, labor, and equipment available for production of tobacco on such farm; to the crop-rotation practices on such farm; and to the soil and other physical factors affecting production of tobacco on such farm: *Provided*, That the total of the marketing quotas established for all farms in Puerto Rico for any crop year shall not exceed the marketing quota for Puerto Rico for such crop year.

Proviso. Limitation.

(d) The marketing quota established for Puerto Rico and the marketing quotas established for farms in Puerto Rico for any crop year pursuant to paragraphs (b) and (c) of this section shall be subject to such uniform adjustment during the crop year, not exceeding 10 per centum of said quotas, as the Secretary shall determine to be necessary to establish and maintain normal world stocks of cigar-filler tobacco produced in the continental United States and Puerto Rico and otherwise to effectuate the purposes of this Act.

Marketing certificates, issuance of.

(e) The Secretary shall, under such terms and conditions and in accordance with such methods as may be established in regulations prescribed by him, issue, to buyers or handlers of tobacco from any farm in Puerto Rico, marketing certificates for an amount of tobacco equal to the marketing quota established for such farm, and, for any tobacco marketed in excess of such quota for such farm, sell, to the buyer or handlers of such excess tobacco, marketing certificates for a charge equal to one-third of the current market value of such tobacco, and the Secretary may require the buyer or handler of such excess tobacco to deduct the charge for marketing certificates from the price or proceeds of or advances on such tobacco.

Payments to producers.

(f) From the proceeds received from the sale of marketing certificates pursuant to paragraph (e) of this section, the Secretary shall make payments to the producers of tobacco on farms in Puerto Rico from which the sales of tobacco, because of weather or diseases or loss by fire affecting the tobacco crops thereon adversely during any crop year, are less than the marketing quotas for such farms for such crop year. Such payments shall be at a rate per pound of such deficit as shall be determined by dividing the funds remaining after deduction of such amount as the Secretary estimates to be necessary for the payment of administrative expenses incurred in administering the provisions of this section by the total number of pounds by which the sales of tobacco from all such farms fall below the marketing quotas for such farms.

Rate.

Sale, etc., without certificate prohibited.

(g) The sale, marketing, purchase, or transportation of any cigar-filler tobacco produced, sold, or marketed in Puerto Rico during any period of time when this section shall be in effect is hereby prohibited unless a marketing certificate has been issued for such tobacco by the Secretary pursuant to the provisions of this Act.

Extending the time for the Federal Trade Commission to make an investigation and file final report with respect to agricultural income and the financial and economic condition of agricultural producers generally.

Agricultural income, etc., investigation. *Ante*, p. 929.

Whereas the Federal Trade Commission was authorized under the provisions of Public Resolution Numbered 61, Seventy-fourth Congress, first session, approved August 27, 1935, to make an investigation with respect to agricultural income and the financial and economic condition of agricultural producers generally; and

Whereas the said Commission was directed to present an interim report to the Congress on January 1, 1936, describing the progress made and the status of its work under said public resolution, and a final report with recommendations for legislation not later than July 1, 1936; and

Whereas it appears that the appropriation for conducting this investigation carried in the deficiency appropriation bill failed of passage in the first session of the Seventy-fourth Congress, and was not actually made until February 11, 1936, although the resolution authorizing the investigation was introduced some eighteen months prior to the date specified for the completion of the investigation and report, and was approved August 27, 1935; and

Whereas the extensive information called for under the terms of the said public resolution has caused frequent and numerous requests for extensions of time upon the part of persons from whom such information has had to be obtained, such extensions amounting to from one to three months in addition to thirty days' time originally allowed by the Commission; and

Whereas it is learned that much of the necessary information cannot be secured by July 1, 1936; and

Whereas it appears that it will be possible for the Commission to secure and present much more comprehensive data and to present a much more thorough and accurate study and report upon the same if the time within which it is directed to complete its investigation and to submit its final report thereon with recommendations for legislation be extended: Therefore be it

Time extended for report by Federal Trade Commission.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Federal Trade Commission be, and it is hereby, authorized and directed to proceed under the public resolution aforesaid and is directed to complete the investigation thereunder and to submit a final report to the Congress with recommendations for legislation not later than October 1, 1936.

It is hereby further provided that any unexpended balance of the appropriation of the $150,000 made in the Independent Offices Appropriation Act for the fiscal year 1936 [1] in accordance with the authority contained in Public Resolution Numbered 61, Seventy-fourth Congress, first session, is hereby made available for like purpose to and including October 1, 1936.

Securities Exchange Act of 1934, amendments.
Vol. 48, p. 894; U. S. C., p. 536.

"(f) Notwithstanding the foregoing provisions of this section, any national securities exchange, upon application to and approval of such application by the Commission and subject to the terms and conditions hereinafter set forth, (1) may continue unlisted trading privileges to which a security had been admitted on such exchange prior to March 1, 1934; or (2) may extend unlisted trading privileges to any security duly listed and registered on any other national securities exchange, but such unlisted trading privileges shall continue in effect only so long as such security shall remain listed and registered on any other national securities exchange; or (3) may extend unlisted trading privileges to any security in respect of which there is available from a registration statement and periodic reports or other data filed pursuant to rules or regulations prescribed by the Commission under this title or the Securities Act of 1933, as amended, information substantially equivalent to that available pursuant to rules or regulations of the Commission in respect of a security duly listed and registered on a national securities exchange, but such unlisted trading privileges shall continue in effect only so long as such a registration statement remains effective and such periodic reports or other data continue to be so filed.

No application to extend unlisted trading privileges to any security pursuant to clause (2) or (3) of this subsection shall be approved unless the applicant exchange shall establish to the satisfaction of the Commission that there exists in the vicinity of such exchange sufficiently widespread public distribution of such security and sufficient public trading activity therein to render the extension of unlisted trading privileges on such exchange thereto necessary or appropriate in the public interest or for the protection of investors. No application to extend unlisted trading privileges to any security pursuant to clause (3) of this subsection shall be approved except upon such terms and conditions as will subject the issuer thereof, the officers and directors of such issuer, and every beneficial owner of more than 10 per centum of such security to

duties substantially equivalent to the duties which would arise pursuant to this title if such security were duly listed and registered on a national securities exchange; except that such terms and conditions need not be imposed in any case or class of cases in which it shall appear to the Commission that the public interest and the protection of investors would nevertheless best be served by such extension of unlisted trading privileges. In the publication or making available for publication by any national securities exchange, or by any person directly or indirectly controlled by such exchange, of quotations or transactions in securities made or effected upon such exchange, such exchange or controlled person shall clearly differentiate between quotations or transactions in listed securities, and quotations or transactions in securities for which unlisted trading privileges on such exchange have been continued or extended pursuant to this subsection. "Unlisted trading privileges continued for any security pursuant to clause (1) of this subsection shall be terminated by order, after appropriate notice and opportunity for hearing, if it appears at any time that such security has been withdrawn from listing on any exchange by the issuer thereof, unless it shall be established to the satisfaction of the Commission that such delisting was not designed to evade the purposes of this title or unless it shall appear to the Commission that, notwithstanding any such purpose of evasion, the continuation of such unlisted trading privileges is nevertheless necessary or appropriate in the public interest or for the protection of investors. On the application of the issuer of any security for which unlisted trading privileges on any exchange have been continued or extended pursuant to this subsection, or of any broker or dealer who makes or creates a market for such security, or of any other person having a bona-fide interest in the question of termination or suspension of such unlisted trading privileges, or on its own motion, the Commission shall by order terminate, or suspend for a period not exceeding twelve months, such unlisted trading privileges for such security if the Commission finds, after appropriate notice and opportunity for hearing, that by reason of inadequate public distribution of such security in the vicinity of said exchange, or by reason of inadequate public trading activity or of the character of trading therein on said exchange, such termination or suspension is necessary or appropriate in the public interest or for the protection of investors.

The powers and duties of the Commission under subsection (b) of section 19 of this title shall be applicable to the rules of an exchange in respect of any such security.
